III. DETAILED ACTION

1. Claims 1-19 are presented for examination.

Election/Restriction

2. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-12 drawn to a method for automatically setting up a Web site, classified in class 707, subclass 104.1.
 - II. Claims 13-19, drawn to a Web development environment, classified in class 707, subclass 5.

The inventions are distinct, each from the other because of the following reasons:

Inventions I and II are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention I has separate utility such as selecting a common file transfer path from a plurality of common file transfer paths without requiring a database of common transfer path directory names; a file transfer controller for assembling a sample file addressed according to one of said common transfer path directory names of invention II. See MPEP § 806.05 (d).

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by

their different classification, restriction for examination purposes as indicated is proper.

Art Unit: 2165

Examiner attempted to contact Attorney Thomas J. Meaney (reg. 41,990) June 22, 2006 to request an oral election to the above restriction requirements, but did not result in an election being made because Attorney Meaney was unavailable.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
